In re: Edward Crosby

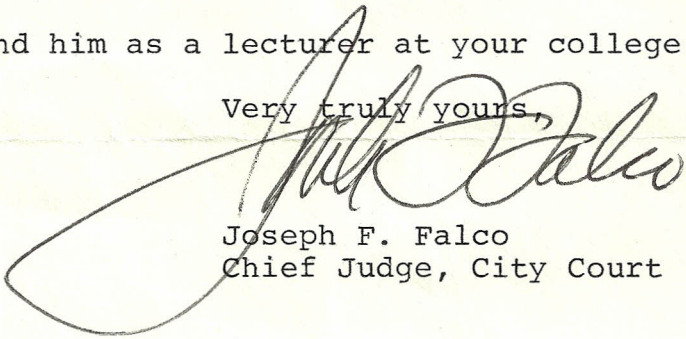

To Whom It May Concern:

This is to certify that I have known Edward Crosby for approximately three years. He was a student of mine at University College and took my course entitled, "Judicial Process." He was one of my better students, who always had something to add to class discussion. His questions showed a keen desire to get to know all that he could about the criminal justice system.

He tells me that he has a chance to teach Electronic Data Banks and Constitutional Rights. I do know that he was in the electronic field in the service, so I assume he knows quite a bit about that subject. As to the constitutional rights, I know that he knows quite a bit about that subject because that's one of the things that he was taught in my class.

I would recommend him as a lecturer at your college.

Very truly yours,
