Dear Mr. Crosby

I am writing to request clarification on your FOIA request and to ask to narrow your request to any responsive records that the Air Force Board of Corrections for Military (BCMR) may have with respect to the information you requested. Currently your request is very broad, which may greatly delay providing you any responsive records as soon as possible. It appears based on your request that any responsive records would most likely be in the possession of our AF BCMR.

As I understand you are seeking legal opinions or other records that discuss any requirement of the Board to adhere to "legal precedent" (i.e., similar past decisions they have made) in making a decision on a current case and (2) legal opinions and other records that deal with the "stigma" of how a member's discharge case/DD Form 214 is "coded" in their personnel records.

Is my understanding of what you are seeking correct? If so, please also confirm that at this time searching for responsive records in the possession of the AF BCMR (Board) is sufficient.

If a response is not received by December 28, 2011, we will consider this matter closed. Please contact the undersigned at (703) 693-2736 should you have any questions and refer to case #2012-00531-F.

Sincerely
